Tee Jays

CLOTHING COLLECTION
2026

Our world of

Premium apparel

Since 1976, TEE JAYS has been devoted to creating premium basics rooted in uncompromising quality. Our timeless essentials embody a deep passion for design, meticulous attention to detail, and a steadfast commitment to enduring craftsmanship. Each piece is thoughtfully crafted from superior materials with refined aesthetics – made to last and designed to stand the test of time.

WELCOME TO TEE JAYS 2026

Uncompromising quality since 1976

To make a difference, you have to care.
For 50 years – and through three generations
we truly have.

The magic lies in the fabric

Our journey begins long before a garment takes shape. It starts with the careful selection of the finest yarns and the pursuit of the perfect composition. Over five decades of crafting exceptional T-shirts and polos, have shaped TEE JAYS into a symbol of premium excellence – earned stitch by stitch, choice by choice.

Eye for the details

Each TEE JAYS piece carries the story of our passion for comfort, precision, fit and silhouettes refined with a distinctly Nordic touch. We refine every aspect of our designs – from the feel of the fabric to the balance of the fit, ensuring that even the smallest detail reflects our unwavering dedication to craftsmanship.

1976

TEEJAYS

More than clothing

A legacy of craftsmanship

TEE JAYS creates everyday essentials for the B2B industry - but it's more than clothing. It is a story of friendship, craftsmanship, and genuine passion.

It all began in 1976 in Alabama, when Terry Wylie set out with a clear vision: to create the finest T-shirt on the market. His unwavering dedication to quality and craftsmanship soon turned that vision into success, establishing TEE JAYS as a trusted name in premium apparel.

When Terry retired in 2002, a new chapter began as Georg and Peter Høfler took over the brand – a transition built on years of friendship and collaboration. Their partnership started humbly at a trade show, sparked by a simple, sincere comment:

"I love the smell of your pipe."

From that moment grew a shared passion that still defines TEE JAYS today. Despite rapid development in recent years, the brand continues to be guided by the same core values: quality, fit, and timeless simplicity.

One brand
Two concepts

TEE JAYS premium wear is built around two distinct concepts:

The Signature Collection

Scandinavian-inspired styles and high-end classics, refined with a fashionable twist and tailored fits.

The Unlabeled Collection

High-quality fashion basics designed for merchandise and private-label production, offering a clean, unbranded canvas. Both concepts reflect TEE JAYS' uncompromising commitment to quality and craftsmanship. We focus on every detail – from colour consistency to precise sizing – to ensure long-lasting garments that stand the test of time.

THE SIGNATURE COLLECTION

The TEE JAYS Signature Collection has been refined over three generations and five decades, always focused on delivering the best product – whether you need a tee, polo, or shirt.

Our premium corporate wear features timeless, minimalistic design with long-lasting appeal. Using high-end yarns and carefully engineered fabrics, we craft unique and sophisticated responsible garments with attention to every detail.

This collection is the ideal choice for any corporate wardrobe.

THE UNLABELED COLLECTION

Discover our UNLABELED styles, where simplicity meets versatility. Free from visible branding, each piece offers clean lines and premium materials, ready for your logo.

Made in our renowned TEE JAYS quality, the UNLABELED Collection delivers high-end merchandise essentials, including coordinated tees and sweats that form a strong foundation for any brand.

Explore bestselling basics and fashion pieces like loose-fit tees, hoods, and new two-tone shirts, crafted from certified organic cotton or a blend of certified organic cotton and certified recycled polyester.

DuPont™ Sorona® Aura padding

To secure our premium standards we use high performance DuPont™ Sorona® Aura padding in most of our jackets for a unique feel. DuPont™ Sorona® Aura padding is a patented technology; a performance insulation that provides you with excellent warmth, it is lightweight, soft and flexible. The Sorona part of the padding is made with 37% renewable polymer, a partly plant based innovation from Dupont. In combination with certified recycled polyester it combines both high performance and responsibility.

We care for the environment

As part of our commitment to long-term sustainability, we continuously explore ways to offer less harmful and more responsible alternatives to conventional cotton. Many of our styles are already made of certified organic cotton or recycled polyester and we are steadily increasing the number of organic cotton and recycled options in our collection.

2021

MEMBER OF THE BETTER COTTON INITIATIVE

Our Iconic Sof Tee is transitioned to cotton sourced through the Better Cotton Initiative combining its renowned quality with focus on sustainable and responsible cotton farming.

OEKO-TEX STANDARD 100 CERTIFIED

Achieving the Oeko-Tex Standard 100 certification ensuring our clothing is free from harmful substances.

2014

MEMBERS OF AMFORI-BSCI

Tee Jays proudly joined Amfori BSCI, demonstrating our commitment to improving working conditions throughout the global supply chain as part of our dedication to responsible business practices.

2009

THE FIRST ORGANIC TEE

We took our first step towards organic production with the launch of our very first T-shirt made from 100% organic cotton: Our single jersey style 8105 for men and 8150 for women.

2020

TEE JAYS A/S OCS CERTIFIED

2020 marked a milestone in our journey focusing on organic cotton as we introduced the Power program. This new addition complemented our Luxury Stretch and Interlock styles, offering a wider range of products made from OCS certified cotton.

2022

TEE JAYS A/S RCS CERTIFIED

Our commitment to sustainability led to the introduction of our first collections made with RCS-certified recycled polyester: The Lite Series and the Club Series.

2024

SOLAR PANELS

As part of the construction of our new warehouse, TEE JAYS invested in solar panels now providing a large part of the internal energy consumption.

2026

TRANSITION OF OUTERWEAR TO RECYCLED POLYESTER

Building on our sustainability goals, we initiated the transition of most of our outerwear to recycled polyester, aiming for full integration in 2026.

TEE JAYS is a member of Amfori, the leading global business association for open and sustainable trade. Its mission is to enable each of its members to enhance human prosperity, use natural resources responsibly, and drive open trade globally. TEE JAYS participates in Amfori BSCI in order to better monitor and improve the social performance within our supply chains.
We endorse the eleven principles of the Amfori BSCI Code of Conduct and recognize that improving working conditions in our supply chains is a necessity for the overall resilience and performance of our business.

TEE JAYS' products are covered by STANDARD 100 OEKO-TEX® which is one of the best known labels for textiles and guarantees that the clothing does not contain harmful substances. It is the world's leading independent testing institutes and regularly controls all testing for substances which are harmful to human health and the environment. Clothing that is certified by the STANDARD 100 OEKO-TEX® is subject to requirements covering pH value and the content of, for example, pesticides and heavy metals.

Certified by Control Union
CU 1038209

The Organic Content Standard/OCS verifies organically grown content and tracks it from the source to the final product. Products certified to the Organic Content Standard/OCS contain organically grown content that has been independently verified at each stage of the supply chain, from the farm to the finished product. The purchase of Organic Content Standard/OCS certified products demonstrates demand for organic agriculture. Organic cotton is produced and certified to organic agricultural standards, which require practices to sustain ecosystems. *

The Recycled Claim Standard/RCS verifies recycled content and tracks it from the source to the final product. Products certified to the Recycled Claim Standard contain recycled content that has been independently verified at each stage of the supply chain, from the recycler to the finished product. The purchase of RCS certified products demonstrates demand for recycled content. *

TEE JAYS is a proud member of Better Cotton and we are committed to improving cotton farming practices globally with Better Cotton. Better Cotton is sourced via a system of Mass Balance and is not physically traceable to end products. More sustainable cotton includes Better Cotton and Organic cotton. Better Cotton connects people and organizations throughout the cotton sector, from field to store, to promote measurable and continuing improvements for the environment, farming communities and the economies of cotton-producing areas.

* *The OCS/RCS certificate is no longer valid when a product has undergone post processing such as embroidery or logoprint.*

Your personalized collection

The TEE JAYS collection is crafted with customization in mind. Each garment is designed for personalization and branding through printing and embroidery – down to the smallest details. This makes our collection the ideal choice for businesses that want to make their clothing truly their own.
